

# FacilitiesDocumentManager

*“Providing a solution for responsible asset management by reducing the time between issue and resolution”*

## PRODUCT INFORMATION

**IFMA (International Facilities Management Association) has estimated that 40% of a facility management professional’s time is spent looking for information.**

The success of a company is often defined by its ability to internally manage its resources and infrastructure. Having access to information about your infrastructure means being able to make informed and accurate decisions.

We recognize the need for an easier way to manage critical information for quick retrieval and easy access, to quickly diagnose and respond to facility issues. **FacilitiesDocumentManager** provides for seamless access to facility & equipment information through a single, easy-to-use interface.

**FacilitiesDocumentManager** improves the operation and management of infrastructure through simple and efficient access to information. Our open architecture database and comprehensive indexing provides for easy access to valuable, free-flowing information - enabling users to manage and maximize their physical resources, for the lifecycle of the facility.

**FacilitiesDocumentManager is a cost efficient addition to your project.**

- The open architecture database is expandable, and accessible.
- We do not sell software; there are no user licenses or monthly fees.
- Easy to learn and easy to use, there are no training or upgrades costs.

## RETURN ON INVESTMENT

**ROI = Cost Reductions + Cost Avoidance + Revenue Increases**

### Cost Reductions

- Facility Managers spend less time looking for information
- Better response to deficiencies and faults
- Able to troubleshoot issues in-house

### Cost Avoidance

- Reduction in change orders, claims, disputes
- Improved accountability & problem identification
- Assist in planning and design efforts

### Revenue Increases

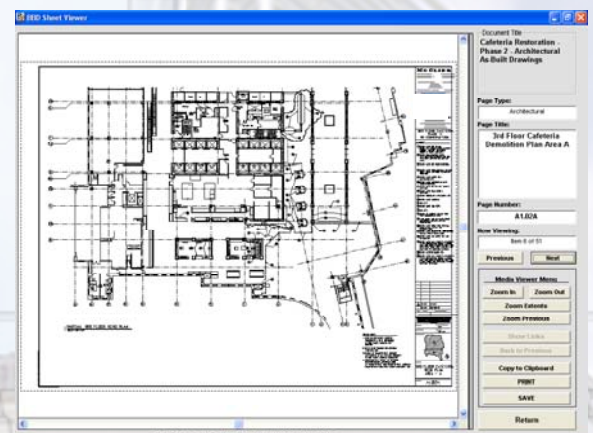

- Reduced equipment and process downtime
- Enhanced image and customer service
- Improved facility operating efficiency

*“As the building ages, the ROI compounds”*

- Spend maintenance dollars wisely
- Head off supplier / contractor troubles
- Help prepare for tomorrow’s catastrophe
- Keep employees & visitors safe inside your facility
- Eliminate costly trial-and-error procedures

Effortless filtering system allows you to narrow your search and quickly locate, access and share information.

Multiple format viewer allows you to access documents without the native application. View AutoCAD, Micro Station, Video, JPEG, TIFF, PDF, and more from one window.
